

Estimation with Rounding

1. Underline the place being rounded to.

2. Draw an arrow to the number on the right.

3. Ask yourself, "Is this number 5 or above?"

4. If you answer yes: round UP.

5. If you answer no: It stays the same.

6. Everything from the arrow on changes to a zero.

$$421,675 = 420,000$$

$$546,239 = 550,000$$
